

GOING FURTHER: MARY WOLLSTONECRAFT 2

The text we have read comes from philosopher Jonathan Bennett's version of *The Vindication of the Rights of Woman* from his series of Early Modern Texts, created to provide a resource in contemporary English.

This is part of a series of modern translations and adaptations for students in philosophy that Bennett has produced. Many are on the website for the London School of Philosophy.

Wollstonecraft's original text is in Resources on this site. If you are buying the book itself, I recommend *The Norton Critical Edition of The Vindication of the Rights of Woman*.
